Bro Phelps

Last evening saw Bro Lee he will endeavor to be in Hopkinton in season to preach one week from tomorrow it. if he is well. He has been troubled the week past with the Cholera Morbus but is getting over it. If he is not able to come he will let you know in season & you must supply yourself by exchange & he will come the Sab. after. You must get him into Sharon if possible. From what I have told him of them I think he will settle there. I returned answers to Berlin yesterday in the affirmative. Write me immediately. I must close or I shall be too late for the Mail. In haste Yours &c A. C. Baldwin
